PROJECTS

Online Opticals Website

2024

- Developed a user-friendly website for an online optical store where users can browse, select, and purchase eyewear products.
- Designed interactive product pages with filtering and sorting options, integrated a shopping cart, and ensured smooth navigation across devices.
- Focused on clean UI design and seamless user experience using HTML, CSS, JavaScript, and React

Shreyarth University Website

2025

- Developed and implemented responsive, userfriendly UI for the Shreyarth University website using HTML, Tailwind CSS, and JavaScript.
- Collaborated with backend developers using Django to ensure smooth integration and optimized user experience.
